SUMMARY

Senior iOS Engineer with 14 years of proven experience in building scalable, high-performance iOS ecosystems across F&B, Fin Tech, Healthcare, and IPTV domains.
Expertise :
Architecture: Designing high performance and modular systems and SDKs for Super App environments enabling large-scale teams to ship rapidly and reliably.
Automation: Building robust CI/CD pipelines to streamline deployment.
Leadership: Driving Agile excellence and mentoring cross-functional teams.

SKILLS

iOS Application Development:

Swift, Objective-C, SwiftUI, Concurrency, CoreData, Instrumentation

Core Programming :

Data Structures, REST APIs, CLEAN Architecture, MVVM, MVI

AI Skills:

Python, LangGraph, LangSmith, Agents, Skills, Codegen

DevOps:

Gitlab, CI/CD, AWS, YAML, Docker

External Platforms:

Crashlytics, Datadog, Figma, PagerDuty, Grafana

Tools:

Xcode, VSCode, Cursor, Claude Code, PyCharm, POSTMAN

EXPERIENCE

Senior iOS Application Developer

Grabtaxi Holdings Pte. Ltd. | Singapore January 2022 – March 2026

- Platform Engineer driving core application performance and developer experience across a super app ecosystem.
- Modular App Architecture: Standardized a scalable architecture using SwiftUI and Dependency Injection, improving developer experience.
- Performance Engineering: Enhanced user experience by improving app stability by 8% and reducing startup latency by 20% through deep optimization.
- UI Framework Design: Architected a unified UI system to ensure design consistency and code re usability across diverse business domains.
- System Efficiency: Accelerated release cycles by reducing build times by 30% through CI/CD and pipeline optimizations.
- AI Automation: Improved developer velocity by building AI-driven code generation tools using LangGraph, Python, and VSCode extensions.

EXPERIENCE

Senior iOS Developer

NTT Data | Singapore December 2020 – January 2022

- Developed and maintained secure, high-performance iOS banking applications for personal loans and credit card products, supporting large-scale consumer financial workflows in a regulated environment.
- Delivered end-to-end mobile features using Swift and Objective-C, building modular, reusable UI components and integrating with secure REST API and enterprise backend systems.
- Implemented financial-grade security and compliance controls, including data encryption, secure key storage, authentication flows, and adherence to internal banking and regulatory standards.

Senior iOS Developer

Optimum Solutions | Singapore March 2019 – December 2020

- Built and maintained modular mobile banking applications to improve customer engagement.
- Worked closely with design and product teams to deliver scalable, maintainable features.

Senior iOS Developer

Reliance Jio Infocomm | Mumbai July 2018 – March 2019

- Developed healthcare applications enabling users to manage tests, monitor vitals, and book appointments.
- Responsible for building a custom server-driven UI rendering engine for dynamic, over-the-air interface updates, and integrated CleverTap and Google Analytics for comprehensive app analytics.

Associate Consultant

Globallogic | Nagpur July 2011 – June 2018

- Developed a range of iOS applications for IPTV content delivery for major North American carriers.
- Built custom solutions for user engagement in Blackberry instant messaging services on iOS.
- Led a team of engineers in Agile development cycles focusing on performance and reliability.

EDUCATION

Bachelor's Degree in Computer Science and Engineering
Biju Pattnaik University of Technology, Rourkela , Odisha
2007 – 2011

10+2 Higher Secondary Education
Council of Higher Secondary Education , Odisha
2005 – 2007

Indian Certificate of Secondary Education (ICSE | Class X)
Montfort School, Dhenkanal, Odisha
1995 – 2005

LANGUAGES

- Odia (Fluent)
- English (Fluent)
- Hindi (Fluent)
